

Train The Facilitator (TTF)

We help People in "Making Conversations Meaningful"

Facilitation Skills Workshop - (TTF) Batch - 3

What it is-

Knowing & Understanding Facilitation and its applications with in-depth inference about Facilitation Methodology.

This course will help you to Evolve as a Facilitator.

The program content would be around these 4 questions-

- 1) What is Facilitation?
- 2) What is the Role of the Facilitator?
- 3) What are the different processes currently used in Facilitation?
- 4) What are the different applications of Facilitation methodology?

Module 1 - Day 1

- What is this thing called Facilitation?
- The context and purpose for Facilitation: Is there a need for a Facilitator?
- The context and purpose of Facilitation: How does a Facilitator Work?
- How do we Learn? Adult Learning Principles.
- The three integral aspects of Facilitation: The Client; The Facilitator; The Group Work.
- International Association of Facilitators Competencies.
- Facilitation FAQs: Everything you ever wanted to know about Facilitation.

Module 2 - Day 2

- Preparing for a Session with the End in Mind.
- What is Divergence and Convergence in Facilitation?
- Content vs Process.
- What are these processes open space? The World Cafe? Textra? How many 'Processes' does one have to learn?
- Conflict and Consensus in Facilitation.
- Familiarizing oneself with the tools of the profession - sticky walls and specialized stationery.
